Deirdre Faul, one of the great competitors of the Irish team, has just won a Gold medal for Squash at the 17th World Transplant Games in Gold Coast, Australia - and JP O'Neill has captured a silver medal to round off a great day for the Irish in the squash court.

Deirdre hails from Dublin, and JP is a Kilkenny native.

This brings to three the tally of Irish medals at the Games - Co. Wicklow man Tony Garland was second in the 5k Road Race yesterday (SUNDAY).
